

Universal display platform for all connected home devices.

Zips for Connected Home display solution is the first and only universal and cost-effective platform to curate, display, and protect Internet of Things (IoT) and connected home devices.

The platform provides a clean and consistent display solution that accommodates a wide range of devices in varying shapes and sizes to meet any retailer's unique merchandising and security needs.

Zips for Connected Home is part of the exclusive InVue OneKEY ecosystem™, a storewide single key solution that improves customer service, increases sales and provides high theft protection.

OneKEY™
ecosystem

Scalable to meet any retailer's need. Upgradeable to higher security with minimal incremental investment.
